# VISIT THE AMISH OF HARMONY

The Harmony area is home to Minnesota's largest Amish settlement. Over 100 Old Order Amish families live in the countryside near Harmony.

The Amish of Harmony arrived in the area in the early 1970s and settled just east of Harmony. The Amish primarily make their living through farming, construction and by making and selling goods. These unique items include baskets, furniture, jams, rugs, quilts, baked goods and much more. Many Amish families can be found selling their wares at local farmers' markets or on their farms. Since that time the community has grown significantly and the Amish farmers and craftsmen have become an integral part of the Harmony community. Visitors to Harmony can visit select Amish farms and merchants by taking a tour through **Amish Tours of Harmony**, located in BReaKeRs in the **Village Green**.

## CAVE EXPLORATION

Harmony is located within the Driftless Area of the Upper Midwest. Since our region was not covered by glaciers during the most recent glacial advances, our landscape has characteristics untouched by glaciers for millions of years! The countryside is rich with bluffs, rolling hills, springs, creeks, sinkholes, and caves. Two main caves are **Niagara Cave**, just south of Harmony, and Mystery Cave, located in nearby Forestville State Park. Niagara Cave is consistently rated one of the top-10 caves in the United States.

**Mini Golf** at Niagara Cave offers an 18-hole mini-golf course with holes 1-9 being wheelchair accessible. Other recreational opportunities at Niagara Cave include gemstone and fossil mining, a popular feature that kids enjoy.

## KARST INTERPRETIVE SITE

**The Harmony Visitor Center** is open to the public from April - October. Inside, you can explore exhibits about the history of Harmony, the karst environment, and see some amazing fossils from the area. A short hike on the Harmony-Preston Valley State Trail, which starts right behind the visitor center, leads to the Harmony Karst Interpretive Site. The sinkhole, highlighted at the site, is a good example of the prevalent geological make-up of southeastern Minnesota. There are also several educational signs which explain how it was formed and why it is important to protect and keep sinkholes clean.

Karst mostly occurs in carbonate rock, which covers about 1/8th of the Earth's land surface. Karst features found in our region include sinkholes, disappearing streams, springs, and caves.

# Root River & Harmony-Preston Valley State Trails

# BIKING

**The Harmony-Preston Valley State Trail** starts right behind Harmony’s Visitor Center. It connects Harmony to the Root River Trail system with over 60 miles of recreational trail! This paved trail travels through lovely countryside; passing through a variety of wooded areas, pastoral farm sites, rolling hills, and near spring-fed Camp Creek. A six mile extension from downtown Harmony to Niagara Cave and the Iowa border is anticipated to be completed in 2025.

**The Trailhead** features a picnic shelter, playground, splash pad, 9-hole disc golf course, visitor center, and parking lot.

With funding from the Fillmore County Statement Health Improvement Program, the Root River Trail Towns organization has partnered with several cities to create a Bike Share Program. Participating communities include Harmony, Preston, Fountain, Peterson and Rushford. **The Bike Share Program** in Harmony operates out of the Visitor Center during the hours of operation, 10 a.m. to 4 p.m., during warm-weather months, typically May through September. Visitors may use the bikes free of charge and they may bring their own helmet or, if they do not have one, one will be lent to them with their bike.

# RECREATION & PARKS

There are four playgrounds in Harmony that provide a variety of adventures for children and their families.

**Selvig Park**, just south of Main Street, is home to our Veteran's Memorial, playground equipment, a picnic shelter and gazebo, and public restrooms.

**Trailhead Park** is located near the Visitors Center and is right off the **Harmony-Preston Valley Trail**. This park features a picnic area, large interactive musical instruments, and a splash pad! Borrow equipment from the visitor center for the free 9-hole disc golf course.

**North Park** is next to the **Harmony Golf Club**, featuring playground equipment, a picnic shelter and proximity to the golf club.

**Cardinal Park** is located at the Harmony Community Center and Public Library. There is playground equipment, community garden plots, and greenspace at this location along with access to the community center and public library.

# LODGING & CAMPING

Harmony offers a variety of accommodations for overnight and extended stays, in close proximity to several restaurants, shopping, movie theatre, grocery store, distillery and bike trail. Visitors will get a feel for the rhythm of life in our small, friendly town. We know you will enjoy your stay!

**The Asahi Loft** is a private and tranquil Japanese-style B&B, **Petra's Garden** is an ideal place for couples, families or groups and is one block from downtown. **Gloria's** is located in historic downtown Harmony and is where spacious and cozy meet! Two short-term apartments above the historic bank at 39 Main Ave. are set to open in 2025.

Harmony is home to the **Country Lodge Inn**; offering 25 rooms on one level. It is located on Hwy 52, just around the corner from our downtown. **Stone Mill Hotel & Suites**, in nearby Lanesboro, is just a few minutes away.

If camping is more your speed, **Harmony's Municipal Campground** offers grassy sites with electric and water hookups. **Harvest Farm Campground** is located just south of Harmony on the Upper Iowa River. It offers outdoor and water activities and offers an onsite spa. If you do not have an RV or tent, several cabins are available to rent.

# ARTS & HISTORY

The **Laura Ingalls Wilder Park & Museum** is located about 20 minutes south of Harmony, in Burr Oak, Iowa. Laura Ingalls Wilder and her family lived in this town in the 1870s and it is the birthplace of her sister, Grace.

The **Harmony Area Historical Society** has created a historic signage walking tour of downtown Harmony. Learn about Harmony's history as it comes alive through images and stories of the past. Start the tour by picking up a map at the Harmony Visitor Center.

The Historical Society also hosts various exhibits at the Visitor Center and Harmony Community Center. Learn about karst geology and how sinkholes are created at an interpretive site on the bike trail.

The **McMichael Grain Elevator**, located near the Trailhead, has recently been added to the National Register of Historic Places! This is part of a larger plan to preserve Harmony's agricultural and railroad history.

## Explore History In Harmony

### • Historical Walking Tour

Glance into Harmony's history through images and stories depicted on signs installed along Main Ave. Pick up a map at the Visitor Center.

### • Harmony Visitor Center

Enjoy photos and artifacts on display in the Visitor Center, including our newest **Century Farms Video Presentation**, coming in 2025.

### • McMichael Grain Elevator

Now on the National Register of Historic Places, the elevator is open to the public on select dates as the Harmony Area Historical Society continues work toward its preservation.
